

Coronavirus Update

Information for ACC students

Friday 3rd April 2020

I hope you are all well and have managed to login to Moodle and continue with your work easily during these last two weeks. I know it has been somewhat of a strange period and I'd like to thank you for your resilience and patience.

Hopefully you have been in contact with your tutors, preferably by phone. If you haven't, please ensure you call them back to register. Our staff have been working hard to make sure you are fully supported and you know what you need to do to continue your studies.

The Easter period begins from Monday 6th April and it is really important that you use the time to get fully up to date with work you have been set, and to make sure that your assignment deadlines are met. We need you to do this before we start our next few weeks of teaching on April 20th. Please keep up the hard work. If you need help most of our staff will be available throughout the Easter period so please get in touch with them via email.

The current guidance from the Government takes us until the end of the Easter period and we are expecting to continue remote/online delivery of your course throughout the end of April and into May. You can expect to receive your new timetable and information about your online sessions by **Wednesday 15th April**. We'll email this to **your college email** account and send you a text to remind you.

The first online sessions will start on **Monday 20th April**, be sure you check the details sent to you so you know how to access the sessions. If you are struggling to get onto your account or need help please email your tutor.

Your new timetable will be similar to your previous one, instead of attending the college in person, you will have online sessions. You'll still be registered, and expected to attend and complete work normally.

We look forward to working in this new way to help you get through your course. Please stay safe, and keep up the hard work and ask any questions you need to.

Best wishes,

Matthew Newbould
Director of Education
